Forecast for Sunday 05 Jun 2022

Weather: Cloudy with a band of rain and showers to start the day. The precipitation will be heavy at times and perhaps thundery in places with a chance of hail. Rain becoming lighter, though still cloudy, at points in the afternoon.

Chance of cloud-free hill tops above 800m: 40% first thing, dropping to 20% by the afternoon.

Low Cloud and visibility: Visibility becoming very poor in any heavy rain and showers through the day. The cloud then lowering to 400-500m for the afternoon, shrouding many higher routes.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Be prepared to change routes quickly should thunderstorms develop. Adequate waterproofs will be needed throughout the day.

Forecast for Monday 06 Jun 2022

Weather: Low cloud covering the park through the morning with outbreaks of rain and drizzle gradually easing. Cloud lifting somewhat through the afternoon with occasional brighter spells possibly developing, though still with an odd shower at times. Cloud clearing through the evening with any showers easing off.

Maximum wind: Light winds around 5mph with variable direction.

Chance of cloud-free hill tops above 800m: 20% in the morning, rising to 70% for the evening.

Low Cloud and visibility: Widespread low cloud at 400-500m through the morning, covering many slopes. This gradually lifting through the afternoon to 1000m, though occasionally still lowering to 800m at times. Visibility will improve to good as the cloud lifts and morning rain eases but may become poor for a time in the afternoon when showers pass over.

Temperature: **Valleys:** Plus 10 Celsius, rising to plus 17 Celsius.
At 800m: Plus 5 Celsius, rising to plus 8 Celsius.
Freezing level: Above the summits.

Thursday	Fine and dry to start the day, if rather cloudy. The potential for some outbreaks of rain to arrive later in the day. Moderate southwesterly winds on the hills. Freezing level above the summits.
